RM Keyboard Drawer

This slide keyboard shelf can hold a standard keyboard with width under 17" and height up to 1.5". The top of hinged cover for storage compartment serves as writing shelf, arm rest, or mounse pad. A cable holdong bar is designed for secure keyboard and mouse cables. An adhesive hook and loop is provided for holding the keyboard in place. This shelf requires 3.5" of panel space (2RU) and 16" depth. Use P/N 15-2403Kx for 24" racks. Please use our standard color code for suffix – x.

FEATURE:

- Fits into standard 19" racks
- Heavy gauge steel construction
- Storage compartment for mouse
- Slide rails for smooth traveling
- Cable hold down and management
